SENATE VOTES TO END WAR WITH GERMANY

Sharp Disagreement Over German Proposals

ALLIES UNABLE TO DECIDE ON PLAN OF ACTION

British And Italians Oppose Occupation Of Ruhr District, French Plan

SITUATION IS SERIOUS

Lloyd George Calls Cabinet Meeting Following French Threat To Start March

LONDON, April 30.—(By the Associated Press)—A sharp difference of opinion between the French on the one side and the British and Italians on the other, arose today at the meeting of the supreme council to consider enforcement of the peace treaty and steps to be taken to enforce payment of the reparations by Germany.

Premier Briand, of France, who had the support of M. Jaurès, Belgian foreign minister, made a strong fight for the Paris plan, which includes immediate occupation of the Ruhr region, while Premier Lloyd George and Count Storza, Italian foreign minister, brought up new proposals under which the conference should decide how the obligation was to be satisfied and then issue an ultimatum which would have a brief time limit to Germany.

Experts tonight are considering the two schemes and will report Sunday morning.

So serious was the situation considered that Mr. Lloyd George called an immediate meeting of the British cabinet.

Today's meeting of the supreme council was a protracted one. Only today it was made known that the British had a new scheme to offer, which was communicated to M. Briand at noon. It was explained that the new move was made owing to the finding of the reparations commission that the German indebtedness was 6,600,000,000 pounds. This, it was said, altered the situation, and it was necessary in applying the penalties that the provisions of the treaty should be observed.

It was no surprise to find Count Storza supporting the British plan, as it had been known Italy was opposed to occupation of the Ruhr unless absolutely necessary.

Tonight's meeting of the experts may find a way out of the difficulty may compose the differences or find a middle course, but the diplomats took a serious view of the situation, for, if no agreement is reached, M. Briand is faced with the prospect of having France advance into the Ruhr alone or at best with the Belgians, or placing his cabinet in jeopardy.

It was said after the reparations question was disposed of that some of the allies expressed a desire to discuss Italy's alleged breach of faith in entering into a treaty with the Turkish Nationalists.

The French delegation is dissatisfied with today's conference. The press-

Arrest Of Radical Leaders In New York Breaks Up Revolutionary Plot Of Communists; Police, Taking No Chances, Guard Against May Day Riots

NEW YORK, April 30.—Public buildings and churches and homes of prominent public officials and well known financiers were under special police guard tonight in anticipation of possible May Day disturbances.

The arrest of John E. Seibert, Abraham Jackira and Israel Amter, who were described by department of justice agents as leaders of the attempted revolutionary movement, is believed to have disheartened their followers. Police frankly admitted they expected no trouble.

The arrest of the alleged radical leaders, police declared, did

more than prevent any possible uprising tomorrow, and revealed literature, they said, disclosing what is known as the "underground party" which is believed to be the terrorist organization of the communists.

Among papers found was a letter purporting to be from two Cornell university students, declaring there was a field in the student body of the university for a local branch of the communist party.

Other literature seized revealed, the police said, that communists had been instructed to obtain positions on the police

forces of various cities and that a course of training, so that they might qualify, was being offered.

Pueblo Is Prepared

PUEBLO, Colo., April 30.—The Pueblo police department, assisted by members of the sheriff's office, are alert tonight to prevent possible May day rioting in this city, after the discovery of inflammatory posters and literature scattered throughout the steel works district of Pueblo today. No arrests have been made and the police have been unable to obtain any clues to distributors of the pamphlets.

HOUSE FAVORS REDUCING ARMY TO 150,000 MEN

Democrats, Holding Solid, Put Through Amendment to Cut U. S. Enlisted Strength

MAJORITY IS DEFEATED

Republicans Lose First Fight For Military Force Of At Least 168,000

WASHINGTON, April 30.—Holding a solid front against the Republican majority Democrats forced through the house today an amendment to the army appropriation bill cutting down the enlisted force to 150,000 men. The Kahn proposal for a bigger force never got a vote.

The bill as approved by Secretary Weeks provided for 168,000 men.

There was no certainty, however, that the 150,000 figure would stand, for the vote today was in the committee of the whole.

The amendment for reduction of the enlisted strength to 150,000 was offered by Representative Byrnes, Democrat, of South Carolina. The vote was 109 to 82.

The house previously had adopted as a substitute for the Kahn proposal an amendment for 168,000 but the Byrnes amendment went through and wiped it out.

Representative Mondell, Wyoming, Republican leader, in closing the debate, urged Republicans to stand by the bill as framed by the appropriations committee, with its enlisted total of 168,000. Chairman Kahn of the military affairs committee pleaded for at least 175,000 men.

OCCUPATION OF RUHR DISTRICT DUE ON MAY 7

Operations Covering 2 Days Are Perfected So Far By French Commission

MAY CALL 1919 CLASS

Mobilization Order Not Expected To Be Issued Until This Evening

MAYENCE, April 30.—(By the Associated Press)—Plans for occupation of the Ruhr region thus far perfected contemplate operations covering two days, according to French military authorities. The territory to be occupied is subject, of course, to decisions reached by the supreme council in London, will extend to a line beginning at the confluence of the Wupper and Rhine rivers, running to the northeast, skirting and taking in the towns of Solingen, Elberfeld, Barmen, Hagen and Unna. From Unna the boundary will extend northward to the Lippe river, and thence in a northwesterly direction to Wezel on the Rhine.

The opinion at French military headquarters is that mobilization of the class of 1919 will be necessary to effect the occupation but it is not believed the mobilization order will be issued until late Sunday. It is believed by French authorities that if the order should reach the troops on May 2, they would begin to arrive the following day at Mayence, whence they would move into the Ruhr. Actual occupation is thought unlikely before May 7.

SENATOR KNOX' PEACE MEASURE IS ADOPTED BY VOTE OF 49 TO 23

Resolution Goes To House With Prompt Action Expected In Short Time

RESERVES U. S. RIGHTS

Measure Would Repeal War Resolutions Affecting Germany And Austria

WASHINGTON, April 30.—The administration's first step toward placing the United States on a technical legal basis of peace was taken tonight by the senate in adopting the Knox peace resolution.

The vote for adoption was 49 to 23. Three Democrats voted for the resolution and although no Republicans voted against it, Senator Nelson, of Minnesota, was paired against it. The Democrats voting for it were: Senators Myers, Montana; Shields, Tennessee; and Watson, Georgia. Two other Democrats, Reed, Missouri, and Walsh, Massachusetts, were announced as favoring the resolution.

The resolution now goes to the house with prospects of prompt action. It would repeal the war resolutions affecting Germany and Austria-Hungary, impound alien enemy property, and reserve to the United States all rights and privileges under the treaty of Versailles and other peace treaties.

An effort to amend the resolution was made by Senator Townsend, Republican, Michigan, who moved to strike out the clause repealing the war declaration and substitute a simple declaration of peace, was defeated, 44 to 26.

Senator Lodge, inaugurating the debate, told the senate that treaties with Germany and others with other nations with which the United States had been at war, would follow the Knox resolution. He also gave notice that the United States would not "abandon" the allies. Substitutes for the Knox resolution prepared by Senator King, Democrat, Utah, were not offered.

The vote on the peace resolution did not come until after 7 o'clock tonight and was preceded by tense partisan clashes. The Republicans lined up almost solidly behind the measure and all but five Democrats voted or were paired against it. The roll call:

For Adoption—Republicans: Ball, Borah, Brandegee, Bursum, Cameron, Capper, Colt, Cummins, Curtis, Dillingham, Elkins, Fernald, France, Frothingham, Gooding, Hale, Harrell, Johnson, Jones (Washington), Kenyon, King, Ladd, La Follette, Lenroot, McCormick, McKinley, McNary, New-

BREWERY GULCH 'SOCIAL' CIRCLE IS DISTURBED

Deputy Sheriffs Discover New Methods Of Intellectual And Literary Study

Athletic and literary society, as represented by the numerous social clubs that have sprung up in Bisbee in the last few months, was outraged last night when doors were rudely thrust ajar by a band of raiding deputy sheriffs, under the leadership of Sheriff Joe Hood, with a demand for admittance into the literary and intellectual circle, with the result that the manager, or president, or head dealer, as the case might be, was marched off under escort to the city jail on the charge of conducting a gambling establishment.

The deputy sheriffs were amazed, upon entering the various centers of learning, to find in each case large crowds of men gathered around the green baize tables and paying dearly for the knowledge acquired. In an athletic club that was visited the members were training down with might and main by rolling dotted cubes across a green cloth.

The deputy sheriffs perpetrated surprise parties on three clubs on Brewery Gulch and one on Main street, but by the time that was over the rest of the clubs knew that visitors were to be expected and were well prepared to receive them.

The American Club, on Brewery Gulch, was found to be a good rival of Monte Carlo, with the exception of scenic splendor which was replaced by tobacco smoke and the reeking atmosphere due to the presence of about 150 men in a tightly shut room. The entertainment here consisted of craps, roulette, blackjack, poker, and other pleasing devices, according to the deputy sheriffs. John Hall was arrested and released on \$250 bond on a charge of operating the place.

The Italian and Mexican Social Club, on Brewery Gulch, was visited. This presented an instructive and

DISABLED SOLDIERS' LEAGUE IS CHARGED WITH USING FUNDS OF WOUNDED VETERANS CARELESSLY

WASHINGTON, April 30.—Suggesting that a congressional investigation might be necessary as to the financing and conduct of the National Disabled Soldiers' League, whose executive council, he said, has included at one time or another Secretary Hoover, Rabbi Wise, Prof. Irving Fisher and other prominent men, Representative Royal Johnson, Republican, South Dakota, a former service man, rose in the house today for what he said was "the unpleasant duty of unsparing criticism."

Organized "purely for political purposes during the last campaign," he said, "the league had a set of self-elected officers into whose pockets go 90 cents out of every dollar milked by it from wounded men of the late war, as well as money collected in other ways."

He named George H. Gillan, Sidney Marks and Arthur T. Smith as officers, and said they "had attempted to sell the alleged influence of the government to both the Republican and Democratic parties last fall."

GRAIN EXCHANGE RUMP EXPLODES; BILL CONSIDERED GIRL IS KILLED

Measures To Regulate Trading To Be Introduced In Both Senate And House

WASHINGTON, April 30.—Bills looking to the regulation of grain exchanges were considered today by the house agricultural committee. Chairman Norris, of the senate agricultural committee, also announced he was waiting for additional information before drafting a measure on the subject which he expects to introduce in the senate. Senator Norris said he had conferred with experts from the agricultural department and federal trade commission.

Senator Capper, Republican, Kansas, whose bill relating to grain exchanges was referred to the secretary of agriculture for recommendation, said today he had talked with Secretary Wallace and that the secretary had indicated the desirability of holding a conference of all friends of the legislation.

CIRCUS MAN DIES

MIAMI, Fla., April 30.—John F. Robinson, 77, retired circus owner, died at his winter home here tonight of chronic bronchitis.

Package Sent Through Mails Proves Death Carrier As Last Wrapper Removed

JOHNSTOWN, Pa., April 30.—An eighteen-year-old girl was killed and five other persons were injured tonight at South Fork, near here, when a bomb, sent through the mails, exploded in a store. Annie Baner was killed and three of her sisters, a brother and an unidentified man, were injured.

The package was addressed to her father. The girl opened the package in the store and as she removed the last wrapper, the explosion occurred. One side of the building was blown out and the store was wrecked. According to the police Baner had been threatened recently.

TWO PROHIBITION OFFICERS SHOT

EL PASO, Tex., April 30.—E. W. Holzman and J. Watson, federal prohibition officers, were shot and seriously wounded in a battle with Mexicans, supposed to be liquor smugglers, near Anthony, N. M., shortly before midnight tonight. The affair was reported by telephone to the prohibition supervisor here and an ambulance dispatched to bring in the wounded men.

Gila County Will Give Unemployed Work On Highways

PHOENIX, April 30.—Arrangements have been made whereby Gila county will be able to provide work on the roads immediately for men now out of employment, according to word received at the state highway department offices here today. The board of supervisors plans to build 16 miles of road on the Superior-Miami highway, according to word received here. Final arrangements will be made at a meeting to be held Monday.

PHOENIX DOCTOR FATAALLY INJURED

Dr. Robert Brownfield Expected To Die As Result Of Auto Wreck Near Mesa

PHOENIX, April 30.—Dr. Robert E. Brownfield of Phoenix, one of the best known physicians in the southwest, was seriously and probably fatally injured and three other residents of this city were hurt when the automobile in which they were riding left to road and overturned near Mesa, a short distance east of here, tonight. At the hospital in Mesa where Dr. Brownfield and the others were taken, it was said there was small chance for the doctor to recover.

The others injured were: Mrs. Barry Goldwater, fractured rib and bruises; Barry Goldwater, bruises; Mrs. Brownfield, bruises.

The party were on their way to a ranch near Mesa, where they were to have a picnic supper when the accident happened. Mrs. Goldwater was driving.

AGITATOR EXPELLED

MEXICO CITY, April 30.—James Clouston, described as an American agitator, was expelled from Mexico last night as a "pernicious foreigner."

MOONEY TO BE CALLED MONDAY

SAN FRANCISCO, April 30.—An order directing the sheriff to bring Thomas Mooney, convicted of a bomb murder, to San Francisco, from San Quentin prison Monday to testify in a proceeding designed to release him was obtained today by Mooney's counsel. The proceeding will seek to show that Mooney was convicted through fraud. He is serving a life sentence. The writ supplements one granted yesterday directing that Mooney be produced in court.

Arizona Will Get 17 U. S. Tractors To Use In Road Work

PHOENIX, April 30.—State Engineer Thomas Maddock received word today from H. L. Bowley, chief of the war materials division, Washington, that Arizona was entitled to 17 tractors under an act passed by congress March 3. These tractors are the state's share of the 1,250 being distributed by the federal government for use in road construction on projects that are either wholly or in part federal aid projects.

KEEP YOUR MONEY AT HOME

Every one wants to live in a live town. It's human nature to be classed with the live ones. You, as a consumer, can help ten-fold by spending your money here where you earn it. Every individual in any city or town should be a community builder. Selfish pride should not influence your purchases. The mere fact that you bought an article from a catalogue sent out from a large city does not make the article any more valuable. Neither does it insure you the lowest possible price, quality of merchandise considered. Every article offered for sale, either by your local merchant or mail order house, has a fair profit attached, or should have—otherwise beware. If you will examine the quality of merchandise offered you by your local merchant and then compare it with the mail order merchandise, you will quickly discover the advantage gained by buying at home, both in quality of merchandise and dollars saved.

NOT IN THE ALMANAC

There may be a lot of things you want that you can't find in the almanac, but it's a safe bet you can find them in Review want ads. Read them and use them. They bring results.

Fort Bliss Fire Reaches Stores Of Ammunition; Juarez Mexicans Hear Exploding Shells, Fear Battle

EL PASO, Tex., April 30.—Fire tonight destroyed the stables of the 52nd U. S. Field Artillery at Fort Bliss. The fire extended to the ammunition stores of the regiment and exploding shells and small arm ammunition endangered the lives of the firemen. At 10 p. m. the fire had not been brought under control.

At 10:30 p. m. the sound of exploding ammunition had ceased and the fire was officially reported under control. Army officers placed the damage at \$5000. It is known a number of the artillery horses rescued

from the burning stables broke their halters and rushed back to perish in the flames. Hundreds of the horses stampeded across the desert and at a late hour tonight were being rounded up by a regiment of cavalry. Two soldiers were reported hurt by flying shrapnel but the officers declined to give their names.

While the fire was in progress the lights in Juarez, supplied with current from El Paso, went out. Something like a panic ensued among the more ignorant Mexicans, who, hearing the explosions at Fort Bliss, thought a battle was in progress.
